Dear Harmon C. McAllister:

The Division of Sponsored Programs assists Purdue University faculty and students in applying for research grants and other externally-sponsored funds. We are in the process of updating our files and would appreciate your assistance in helping us maintain complete and current information.

Please send any available information on your current or new priorities, and guidelines for grant applications. We would also appreciate receiving a copy of you latest annual report and a listing of grants you funded last year.

Please add my name to the mailing list for your annual report, program announcements, and other publications.

Thank you for your assistance.

Sincerely,

Sandra M. Durain
